

Insecure

Delilah

So you're afraid, what about me?
Dare to claim that you can't breathe
Hold my hand or I'll take yours
Don't let go cause how I feel
Is what you've made me

Though I'm hanging on a sign, I'm insecure
You got me walking on a line, still I need you more
And all the things I feel I hold 'em back from you
And all the dreams I dream I'm sure they'll hold no truth
I'm insecure

So you're afraid, what about me?
Stole my heart for all to see
Here I am, take me I'm yours
Dry my tears cause I can see
Just what I've made me

Though I'm hanging on a sign, I'm insecure
You got me walking on a line, still I need you more
And all the things I feel I hold 'em back from you
And all the dreams I dream I'm sure they'll hold no truth
I'm insecure

I realize that it's me being so cold
Trapped in a box where my heart's been for so long
I realize that it's me being insecure

I realize that it's me being so cold
Trapped in a box where my heart's been for so long
I realize that it's me being insecure
Feel I'm waiting on a sign, I'm insecure

Though I'm hanging on a sign, I'm insecure
You got me walking on a line, still I need you more
And all the things I feel I hold 'em back from you
And all the dreams I dream I'm sure they'll hold no truth
I'm insecure
