

So Irate

Delilah

Take my hand, hold on tight
Don't feel ashamed if you like
You and I, we are the same,
So why'd you play these games with me

When you keep me so irate
Make me wait for you
The time it takes to hate always fades too soon
Cause I can tell that you want me when hid in your love's truth
[?]
So why'd you make me wait
Keep me so irate

So irate, so irate, so irate
Boy you!
So irate, so irate, so irate
Boy you!

I'll start a fight, fall to my knees
Seems like I am here forever far away from you
You always seem to keep me so irate
Make me wait for you
The time it takes to hate always fades too soon
Cause I can tell that you want me when hid in your love's truth
So why'd you make me wait
Keep me so irate

So irate, so irate, so irate
Boy you!
So irate, so irate, so irate
Boy you!
So irate (keeps me so), so irate (keeps me so), so irate (keeps
me so)
Boy you!
So irate (keeps me so), so irate (keeps me so), so irate (keeps
me so)
Boy you!

(Keeps me so) so irate, (keeps me so) so irate, (keeps me so) s
o irate
Boy you!
So irate (keeps me so), so irate (keeps me so), so irate (keeps
me so)
Boy you!
