## I Can't Break It to My Heart

## **Delta Goodrem**

If it's okay I'll leave the bed light on And place your water glass where it belongs And if it's alright I'll lie awake at night Pretending I am curled up at your side

See I'm circling in these patterns Living out of memories I'm still a long way from accepting it That there's just no you and me

But if I still believe you love me maybe I'll survive So I tell myself you're coming home Like you've done a million times And if it's alright I'll still be loving you 'Cause I can't break it to my heart

Is it just me, did I commit a crime?
I won't believe that loving you
Is just a waste of time or was it in my head
I'm reading into things you never said

'Cause I still don't have the answers To why we couldn't work it out I wanna think it's something that I did So I can turn it back around

But if I still believe you love me maybe I'll survive So I tell myself you're coming home Like you've done a million times And if it's alright I'll still be loving you 'Cause I can't break it to my heart

And nothing will come between us
I wanna convince myself we're perfect
In every single way as long as I can keep
The truth away from my heart
Oh, 'cause I can't break it to my heart, oh

'Cause I still don't have the answers To why we couldn't work it out I wanna think it's something that I did So I can turn it back around

But if I still believe you love me maybe I'll survive So I tell myself you're coming home Like you've done a million times And if it's alright I'll still be loving you

But if I still believe you love me maybe I'll survive So I tell myself you're coming home
Like you've done a million times
And if it's alright I'll still be loving you
And if it's so right I'll still be loving you
'Cause I can't break it to my heart
I can't break it to my heart, oh
