Take Me Home

Delta Goodrem

It's late, come on
I'm tired but I don't want to sleep
Tonight, I want your body close to mine

I won't need to say I love you You'll know, you'll know There's no need to say I want you You'll know

Take me home, don't wanna spend the night without you Take me home, all I do is dream about you Take me home, take me home

Your kiss, your touch Your hands, I long to feel the rush Your skin, right now Is all I'm thinking of

I won't need to say I love you You'll know, you'll know There's no need to say I want you You'll know

Take me home, don't wanna spend the night without you Take me home, all I do is dream about you Please, let's go Take me in you arms and say you'll take me home Take me home

Don't make me pick, don't make me pick you I won't need to say I love you You'll know

Take me home, don't wanna spend the night without you Take me home, all I do is dream about you Please, let's go Take me in you arms and say you'll take me home Take me home, oh, oh

It's late, come on
I'm tired but I don't want to sleep
