

Never Alone

Delta Heavy

Even in the darkest times, you come for me
Nobody else can bring me home
And when feel your body close to me
I know where you are never alone
Even in the darkest times, you come for me
Nobody else can bring me home
And when feel your body close to me
I know where you are never alone

Never alone, never alone, never alone
Never alone, never alone, never alone

Never alone, alone, alone, alone
Alone, alone, alone, alone
Alone, alone, alone, alone...

Even in the darkest times, you come for me
Nobody else can bring me home
And when feel your body close to me
I know where you are never alone
Even in the darkest times, you come for me
Nobody else can bring me home
And when feel your body close to me
I know where you are never alone
Alone, alone, alone
Alone, alone, alone
Alone, alone, alone
Alone, alone, alone, alone
Alone, alone, alone, alone
Alone, alone, alone, alone
Alone, alone, alone, alone...

Yeah
Yeah
(Alone, alone, alone, alone) Yeah
(Alone, alone, alone, alone)
(Alone, alone, alone, alone) Yeah
(Alone, alone, alone, alone)

Alone, alone, alone
Alone, alone, alone
Alone, alone, alone
Alone, alone, alone, alone
Alone, alone, alone, alone
Alone, alone, alone, alone
Alone, alone, alone, alone
Alone

Even in the darkest times, you come for me
Nobody else can bring me home
And when feel your body close to me
I know where you are never alone
Even in the darkest times, you come for me
Nobody else can bring me home
And when feel your body close to me
I know where you are never alone

Alone, alone, alone
Alone, alone, alone
Alone, alone, alone
Alone, alone, alone, alone
Alone, alone, alone, alone
Alone, alone, alone, alone
Alone, alone, alone, alone...
