

No Gravity

Delta Heavy

No gravity
Is that the way you hold me
My body feels like air
When you are near me
No way to hold me down
I think it's heavy
No gravity
It's all in the way you hold me

No gravity
It's all in the way you hold me

All in the way you hold me

All in the way you-

No gravity it's all in the way you hold me
(Hold me, hold me, hold me, hold me...)

No gravity
Is that the way you hold me
My body feels like air
When you are near me
We're dancing in the dark
Just like you know me
No gravity
It's all in the way you hold me
(Hold me, hold me, hold me)

(Hold me, hold me, hold me, hold me
Hold me, hold me, hold me, hold me
Hold me, hold me)
It's all in the way you hold me
(Hold me, hold me, hold me
Hold me, hold me, hold me, hold me
Hold me, hold me, hold me, hold me)
No gravity
It's all in the way you hold me
(Hold me, hold me, hold me...)

All in the way you hold me
(Hold me, hold me, hold me...)

Your gravity
Is that the way-
Your gravity
Is that the way-
Your gravity
Is that the way you hold me

All in the way you hold me
(Hold me, hold me, hold me...)
