

# Take Me Home

Delta Heavy

I'm alive, I don't wanna go  
I'm alive, I'm alive, I don't wanna go home  
I'm alive, I don't wanna go  
I'm alive, I'm alive, I don't wanna go home

Is this a dream?  
Stay close to me  
Baby, don't let go, don't let go of me

Maybe you're gonna be the one to take me  
Maybe you're gonna be the one to take me home  
Maybe you're gonna be the one to take me  
Maybe you're gonna be the one  
Maybe you're gonna be the one

Maybe you're gonna be the one  
Maybe you're gonna be the one  
Maybe you're gonna be the one to take me (Home, home)  
Maybe you're gonna be the one to take me (Home, home)  
Maybe you're gonna be the one to take me home

Let me be still  
I'm happy watching the world spin 'round me  
This can't be real  
Heaven is here with your arms around me

Maybe you're gonna be the one to take me  
Maybe you're gonna be the one to take me home  
Maybe you're gonna be the one to take me  
Maybe you're gonna be the one to take me home  
  
(Home, home)

Maybe you're gonna be the one to take me (Home, home)  
Maybe you're gonna be the one to take me home

(Maybe you're gonna be the one to take me)  
Maybe you're gonna be the one to take me home
