

# Spun

Delta Sleep

I've been running for so long  
Is it the weather  
That's making me  
Spun inside my head  
In my head I dream so easily  
But really it's never meant to be  
And time will tell  
How far we fall  
How far I fell

I've been watching the world unfold  
Outside my window it's getting warmer  
Soon every winter will be dry beyond relief  
And the water will be flowing at our feet

Every day the same thing  
Every day the same thing

And time will tell  
How far we fall  
And time will heal  
The fracture from the fall  
How far we fell

I've been watching the world unfold  
Outside my window it's getting warmer  
Soon every winter will be dry beyond relief  
And the water will be flowing at our feet

Every day the same thing
