

## Spy Turtles

### Delta Sleep

Awake to find the water rushing in through cracks in the ceiling  
Grab your oxygen supply and leave everything behind  
Dive in

Avoiding all debris, swim to the bottom of the sea  
Find some shelter try and breathe, we could be here for a while

This house was shifting in our sleep from right under our feet,  
down to the ocean floor  
Stay strong, we are with you all along, spotting you for sharks  
in the shadows of the rocks
