Follow the Future

Yeeaaaaaahhhh!!!!

Say what you want to say It's for you to decide Time flies so fast You must decide now make or break

You find truth and real It's your faith that makes you stronger So you accept even sorrow Can you feel grief and pleasure? Nobody's gonna show you how So you believe even all pain

Face to face Follow the future Shout out Follow the future

Face to face Follow the future Shout out Follow the future

You find truth and real It's your faith that makes you stronger So you accept even sorrow Can you feel grief and pleasure? Nobody's gonna show you how So you believe even all pain

Face to face Follow the future Shout out Follow the future

Face to face Follow the future Shout out Follow the future

You find truth and real It's your faith that makes you stronger So you accept even sorrow Can you feel grief and pleasure? Nobody's gonna show you how So you believe even all pain

Face to face Follow the future Shout out Follow the future

Face to face Follow the future Shout out Follow the future Face to face Follow the future Shout out Follow the future
