

MICRODOSING

Deluxe

They're digging up dead cold bodies
Like there ain't nothing to worry 'bout
Filling up empty sorries
Racketing gentlemanly

They're digging up dead cold bodies
But I don't want to bother nobody
The only thing here that might kill me
Is cortisol!

Day by day I'm burning valuable time
Waiting for an answer to fall from the sky
Microdosing guilt, I'm plain mortified
Sleeping on my blessings
As long as they're blind

Ow! But gravity calls
Around 4:30
Wake up to jaw
Clenching fury
Screaming
What am I here for?
What you need me for?

Reality cold and scroll ugly
It's freezing the soul feeling obsolete
What the hell am I here for?
What you need me for?

What you need?
What you need?
What you need me for?

Beat is so rude hey yo captain obvi
Get me in the mood no cheese no sorries
Gonna break a stool
Get that furniture off me
Never too prude
But those horns they're horny
What I really really really want is
Year two thousand song bliss
Neckbrace strapped on yeah
Mouth gard in!

Day by day I'm burning valuable time
Waiting for an answer to fall from the sky
Microdosing guilt, I'm plain mortified
Sleeping on my blessings
As long as they're blind

Oh but gravity calls
Around 4:30
Wake up to jaw
Clenching fury
Screaming
What am I here for?
What you need me for?

Reality cold and scroll ugly
Freezing the soul feeling obsolete
What the hell am I here for?
What you need me for?

What you need?
What you need?
What you need me for?

Absolutely nothing

What can I do what can I say?
Who made the rules by which we play
Old moose they just don't apply
So rude gossip on the side

What can you do what can you say?
Who are you dude to show the way?
No rules they just don't apply
So rude oh!

Day by day I'm burning valuable time
Waiting for an answer to fall from the sky
Microdosing guilt, I'm plain mortified
Sleeping on my blessings
As long as they're blind
Blind blind blind
Oh!
