

Oh Oh

Deluxe

Its been weeks or years or two days
Since i last gave a care
About music food or duces
No love is in my air
Its depth and hue confuses
My plan to grow a pair
Somethings way more juicy
My dove coconut bear
I'll embrace his purple bruises
Pick a scab to chew
Catch a lash and sweep
Every lock of his do
I really dont mind bout who says
Im skipping class just to
Look at how he sleeps
Dive into his pool

Oh oh Oh oh
Even when he not there
Oh oh Oh oh
Even when he not there
Oh oh Oh oh

Oh oh Oh oh

Its been sweet and brutal long plays
Since i last had the will
To grow out of this clumsy
Epidermal thrill
Hexed and breathless lousy
Lost in ma despair
Cant shake of this itching
Need to teeth and tear
His flesh and nurse my hungry
Compulsion back to health
Dripping dove you're pale see
Skin so usually fair
Doctor here's my love he
Cold, can you repair
The bites have left him empty
Silently he stares

I'm head over hills
But this love don't pay my bills
