

## Pretty Flaws

Deluxe

Oh pudding ball and sugar dolls  
You can't tell them all apart  
Pretty flaws, painted claws  
Sweet potatoes, butter fall!

Even tall people crawl  
Against the scented meadow wall  
Cheetah toss dem Chatty jaws  
Why d'you wait so long to call

It could be so easy  
if I knew what you knew  
Forebear and teach me  
like only you can do

Limon o lime  
Lucky the day you beg me please  
Bill to the berry bobby jeez  
Down to ya knee  
Couple of dimes  
Rackety wrecking my theories  
A rain o croco tears is all I need

It could be so easy  
if I knew what you knew  
Forebear and teach me  
like only you can do

Black beauty spots, csn go to rot  
Candy called it bomboclat Ooow!  
Ho cherry drops, drank silly Jok  
Adam's apple, apricots

Its getting dark, too dark to walk  
Lets lay down, take off our socks  
I think you're nuts, tied up in knots  
Never trust some hippie's pot
