For you

The moment I found you baby
We were inseparable
And I never let you go
Yes I'm very grateful
Girl you loyal to me
Everytime you go out your way
To please me girl you're special
Baby girl you're my night my day

If you were my poison baby then I'll die for you
I'll put my pride away baby, I'll cry for you
They say that love is blind then I'll go blind for you
I heard that time is money, I go buy for you

Anything I'll buy for you
I go die for you
Baby I will die for you

Spending plenty money money
You deserve it sugar honey
You dey make my dark day sunny
S3xy girl come whine pon johnny

Taking my time
Just appreciating your curve
Baby you mine
Don't wanna get on your nerve
The enemies they go block but we go swerve

Take anything you want
Pick up a Gucci, Louis V, Saint Laurent
And after that me and you till the break of dawn
This feeling I'm feeling is kinda strong I go die for you
