Hey baby girl, come make me spend all of this paper, oh oh  
All I want you do is do me one favor  
Girl, I wanna take you to my room, room, room, room  
Got me like swearing to God, and I like it  
Love it, gyal, when you whine it, baby  
Girl, you have me excited  
Take you to my room, room, room, room

Yeah, she loving the dick, can't deny it  
Ooh, she loving my dick, I told her, "Ride it!"  
Girl, I'ma light up my spliff, watch you whine it  
Pick a place and bet you girl me change the climate
