

15 Minutes

Demi Lovato

Change your colors so fast
Tried to turn my friends into friends of the past
Always putting you first
Could've been your future
But you didn't even care about me like that

'Cause you were looking for 15 minutes, yeah
Now you got 15 minutes, yeah
Packed your stuff, you can come and get it, yeah
Ain't goodbye but it's good riddance
You got 15 minutes
Hope you enjoyed your 15 minutes

I'm not innocent
I'm know I'm a headache but I'm working on it
It should be an honor
I even had the time to bother
But this is where the sand in the hour glass ends

'Cause you were looking for 15 minutes, yeah
Now you got 15 minutes, yeah
Packed your stuff, you can come and get it, oh yeah
Ain't goodbye but it's good riddance
You got 15 minutes
Hope you enjoyed your 15 minutes

Praying in Malibu
Praying in Malibu
How could you?
How could you?

Praying in Malibu
Praying in Malibu
I hope it saved you

Praying in Malibu
Praying in Malibu
How could you?
How could you?

Crying in Malibu

While you were looking for 15 minutes
Now you got 15 minutes
Packed your stuff, you can come and get it
Ain't goodbye but it's good riddance
You got 15 minutes
Hope you enjoyed your 15 minutes
