Demi Lovato

I'm not so sure I've ever felt like this before  
I can't deny, it feels so right  
I must confess, already got me so obsessed  
Is that alright? Is that alright?

'Cause baby, honestly  
I just wanna feel your hands all over me (Over and over)  
Right where they wanna be  
Even if it's only for tonight

I wanna go  
I wanna go fast, I wanna go hard  
I wanna go anywhere, anywhere you are  
No matter how close, no matter how far  
I wanna go anywhere, anywhere you are  
I wanna go fast, I wanna go hard  
I wanna go anywhere, anywhere you are  
No matter how close, no matter how far  
I wanna go anywhere, anywhere you are

May I suggest we go somewhere a little less?  
Full advice, don't be shy

'Cause baby, honestly  
I just wanna feel your hands all over me (Over and over)  
Right where they wanna be  
Even if it's only for tonight

I wanna go fast, go fast  
Go fast, go fast, go fa—  
I wanna go fast, I wanna go hard  
I wanna go anywhere, anywhere you are  
No matter how close, no matter how far  
I wanna go anywhere, anywhere you are  
I wanna go fast, I wanna go hard  
I wanna go anywhere, anywhere you are (Ooh)  
No matter how close, no matter how far  
I wanna go anywhere, anywhere you are

I wanna go fast, go fast
