

# Old Ways

Demi Lovato

It was fun playin' with knives  
Until a blade  
Stuck in the left side of my chest  
Surprise  
And I'm down again, I turn the page  
The story's mine  
No more watchin' the world from my doorstep  
Passin' me by

And I just keep changin'  
These colors, colors, colors, colors  
I'm not in the same place  
That I was, I was, I was, I was

But if somebody tells me  
I'll go back to my old ways  
I'm gonna say no way  
I'm out of the doorway  
I'm hearin' them all say  
I'll go back to my old ways  
Not goin' back to my old ways

Not goin' back to my old ways  
(Not goin' back to my old ways)

Now I know what's good for me  
All that I need  
And I can't wait to sink my teeth in  
And take another bite  
And the best part about it  
Is I'm the only who can do somethin' about it  
I fill the well with some water , it's overflowin'  
Black into gold  
Who knew it'd be so bright without the blindfolds

And I just keep changin'  
These colors, colors, colors, colors  
I'm not in the same place  
That I was, I was, I was, I was

But if somebody tells me  
I'll go back to my old ways  
I'm gonna say no way  
I'm out of the doorway  
I'm hearin' them all say  
I'll go back to my old ways  
Not goin' back to my old ways

Not goin' back to my old ways  
(Not goin' back to my old ways)

Every scar  
The flames burn the mark  
I'm not afraid to fall  
I'm spiraling  
I'm spiraling  
I pass the stars

I'm not burning out  
I'm not afraid to fall  
I'm not afraid anymore

And I just keep changin' my colors  
These colors, colors, colors, colors  
I'm not in the same place that I was, I was

And the best part about it  
Is I'm the only who can do somethin' about it  
I fill the well with some water , it's overflowin'  
Black into gold  
Who knew it'd be so bright without the blindfolds

And I just keep changin'  
These colors, colors, colors, colors  
I'm not in the same place  
That I was, I was, I was, I was

But if somebody tells me  
I'll go back to my old ways  
I'm gonna say no way  
I'm out of the doorway  
I'm hearin' them all say  
I'll go back to my old ways  
Not goin' back to my old ways
