

Party

Demi Lovato

1. Saw you lookin at me
Now I think you moving this way
Your pushing through the crowd
Like you got something to say
But you couldn't get to me
Cuz the music's taking over your feet
I can tell by your toes
That you're rocking to this beat
You gotta dance and sway
Til you drop and break free your soul
Let me see you shake one by one
We're stealing the stage
Here we come so get out of our way

R: It won't be long till the summers gone
Get your party on, now were singin
Hold on tight, it's a crazy night
Get your party on and were screaming
Out loud

2. Now it's going strait to your head
Hanging in red, yea, but you learn how to move
To the grove. Again and again
Raise your hands in the air
I'm a champion
Were all dolled up with nowhere to go
You want to get out and lose up the show
Rock and roll is staying home
As long as you catch
Your ready to go

R: It won't be long till the summers gone
Get you party on and were screaming
Hold on tight, it's a crazy night
Get your party on, don't wait
Don't you be late, get your party on
Now were singing, hold on tight
It's a crazy night
Get your party on
And were screaming
Out loud

3. You can learn it too
Don't follow the rules
I've seen those moves
There in the way
You make me move

R: It won't be long...
