

Proof

Demi Lovato

Baby, what you want, tell me what you want, want
What you want, what you really wanna do
I can take you uptown, take you downtown
Let me know if you really want proof
I'm not the type to just talk it
I strap my boots up and walk it
So baby, let me know if you're ready for school

Dancing like you want me
Wouldn't mind it if you tip it
Look what you done started
It's going down tonight

Now baby, I can't lie
I'm the truth (I'm the truth)
Slide my dress, get loose
Legs high to the roof (to the roof)
I do my thing, boy, you 'bout to see the proof
I can't lie
I'm the truth (I'm the truth)
Slide my dress, get loose
Blow your mind to the roof (to the roof)
I do my thing, boy, you 'bout to see the proof

Ah... shit (proof, proof, proof, proof, proof)
Ah... shit (see the proof)

Baby, I'm a bitch, I'm a real bad bitch
Here I come when you're callin' my name
I can be your fix, let me be your fix boy
Let's go if you wanna play
I'm not the type to just talk it
I strap my boots up and walk it
So baby, let me know if you're ready for school

Dancing like you want me
Wouldn't mind it if you tip it
Look what you done started
It's going down tonight

Now baby, I can't lie
I'm the truth (I'm the truth)
Slide my dress, get loose
Legs high to the roof (to the roof)
I do my thing, boy, you 'bout to see the proof
I can't lie
I'm the truth (I'm the truth)
Slide my dress, get loose
Blow your mind to the roof (to the roof)
I do my thing, boy, you 'bout to see the proof

Ah... shit (proof, proof, proof, proof, proof)
Ah... shit (see the proof)

I can't lie
I'm the truth (I'm the truth)
Slide my dress, get loose

Legs high to the roof (to the roof)
I do my thing, boy, you 'bout to see the proof
I can't lie
I'm the truth (I'm the truth)
Slide my dress, get loose
Blow your mind to the roof (to the roof)
I do my thing, boy, you 'bout to see the proof (see the proof)
Ba da da da, see the proof
