

# Action Lady

Demis Roussos

She can say the words I wanna hear  
Make my day so bright and crystal clear

Paints my world with shades of love  
Takes me to the stars above  
It's plain to see  
She was meant for me

She's an Action Lady!

Velvet hands to touch my sleepy eyes  
(She fills my heart with love and tenderness)  
Heaven sent to make me realize  
(She knows the way to satisfy me)

I'm alive when she is near  
I know that's her love is real  
It's plain to see  
She was meant for me

She's an Action Lady!

Paints my world with shades of love  
Takes me to the stars above  
It's plain to see  
She was meant for me

She's an Action Lady!
