

Fallin'

Demis Roussos

Ooh...

More in love each day

The day you came my way
I found no words to say
Just how I felt inside
My joy I couldn't hide
My eyes had never seen
My life had never been
I loved you there and then
Oh, I could start again

Fallin', fallin'
More in love each day

And our love is naturally growing
And I mean to let it keep flowing
And I feel inside me I'm falling
In love all over again

There's music when you're near
Cause every word I hear
Is filled with ecstasy
And dreams you share with me
My eyes had never seen
My life had never been
I loved you there and then
Oh, I could start again

Fallin', fallin'
More in love each day

The day you came my way
I found no words to say
Just how I felt inside
My joy I couldn't hide

Fallin', fallin'
More in love each day
Fallin', fallin'
More in love each day
