

Lovely Sunny Days

Demis Roussos

Sun in your eyes, sun in the sky
The lovely sunny, sunny day
Sun in your hair, sun everywhere
The lovely sunny, sunny day

And when it glows just to make love
The lovely sunny, sunny day
Flowers so sweet we've never dreamed
The lovely sunny, sunny day

And to above all
We say we'll love on sunny days

Be on the way
The magic dream
The summer dream

And to above all
We say we'll love on sunny days

Be on the way
The magic dream
The summer dream

Full light is blooming, softly blowing
The lovely sunny, sunny day
The scent is warm, your skin is warm
The lovely sunny, sunny day
And when it glows just to make love
The lovely sunny, sunny day

Always together
No end forever
The lovely sunny, sunny days

And to above all
We say we'll love on sunny days

Be on the way
The magic dream
The summer dream

And to above all
We say we'll love on sunny days

Be on the way
The magic dream
The summer dream

Sun in the sky
Sun in the sky
Sun in the sky
Sun in the sky
Sun in the sky
Sun in the sky
