

## Downwind Death

## Demolition Hammer

Down wind death  
Acidic Hell  
Retarded spores  
Mutants born

Torrents of liquid death  
Fall from the infected skies  
Man-made poison atmosphere  
Down wind death reprise  
Toxic vegetation  
Reaping fruits of ill-effect  
Aquatic horror  
Eminating deadly manifest

Corporate crimes  
Political lies  
Toxic plan  
Barren land

Ecologic suicide  
Plagues the world from neglect  
Eroding vast densities  
Caustic quality  
Cerebral devastation  
Rancid skin and bone  
Retrogressive foliage, decaying  
Can't protect rays of death

Chemical neglect - Prominent  
Cellular arrest - Permanent  
Synthetic disease  
Bodies writhe and scream  
Acid rain of down wind death  
Plague moisture breeze

Hot, hell, from above  
Destroying earth's resources  
Burn, to a crisp, unseen lye  
Destroying corroding  
Effect, no defense, abrupt decay  
At a rate so unnatural  
Red, wet hot fire, raining down  
We watch as our world rots away

A vigorous dehydrating agent  
Destruction capable  
By a chemical reaction  
A strong corrosive  
Irritating liquid rain  
Detrimental agriculture  
Seeps into your brain

Hot, hell, from above  
Destroying earth's resources  
Burn, to a crisp, unseen lye  
Destroying corroding  
Effect, no defense, abrupt decay

At a rate so unnatural  
Red, wet hot fire, raining down  
We watch as our world rots away

A product of our quest to grow  
Deadly consequence results  
From need to know  
Technology accelerates  
Beyond control  
Down wind death  
Begins to take its toll
