

# DEVOTION

## Demon Hunter

I can feel the fire  
Raining down its weight upon my days  
I feel its solace washing over me in waves  
This is a fight  
A wake to idle sight  
I found my way inside its ever-guiding light

Some will say  
Completion lives inside of me  
I avow  
I gave with all my heart is allowed  
Avow

Devotion frees the few  
Devotion draws away the dead of night  
Devotion waits for you  
Heals a hollow mind

Hail, hail, hail  
Hail Devotion  
Hail, hail, hail  
Hail Devotion

I will rise before my shadow here  
Is cast upon its grave  
I will inherit every scar before I cave  
This is my cause  
A plea to end the dark  
To be a witness to redemption 'til we part

Some will say  
Completion lives inside of me  
I avow  
I gave with all my heart is allowed  
Avow

Devotion frees the few  
Devotion draws away the dead of night  
Devotion waits for you  
Heals a hollow mind

Hail, hail, hail  
Hail Devotion  
Hail, hail, hail  
Hail Devotion  
Hail, hail, hail  
Hail Devotion  
Hail, hail, hail  
Hail Devotion

Now I know my way  
Don't look back  
I will obey  
Give me breath  
Give me a name  
Let me lead  
Thy will be done

Here on earth  
Until it's won  
In your just name

Devotion frees the few  
Devotion draws away the dead  
Devotion waits for you  
Heals a hollow mind

Devotion frees the few  
Devotion draws away the dead of night  
Devotion waits for you  
Heals a hollow mind

Hail, hail, hail  
Hail Devotion  
Hail, hail, hail  
Hail Devotion  
Hail, hail, hail  
Hail Devotion  
Hail, hail, hail  
Hail Devotion
