

# Big Love

Demon

My hair's too long my pants are too tight  
I hit the bottle everynight  
They say I'm lazy good for nuthin' at all  
But what I've got all make'em holler and ball

Big love, big love  
Big love, big love

I take my chances I go all the way  
Ignore the warnings don't hear what they say  
There ain't a woman can tie me down  
Got big love spread it around

Big love, big love  
Big love, big love  
Got me some big love

Nuthin' gonna come between us  
Except big love  
Nuthin' gonna come between us  
Except big love

Some like 'em big  
Some like 'em small  
I like it best when they're givin' it all  
Don't pull no punches don't hold back on me  
I ain't expensive what I get's for free

Big love, big love  
Big love, big love

Nuthin' gonna come between us  
Except big love  
Nuthin' gonna come between us  
Except big love

Big love, big love  
Big love, got me some big love
