## The plague

Begin the madness Tear down the sign Ideals and values They use to keep us in line Turn a blind eye to jobless millions Queues of wreckage to be broken down Leaders feed us their solutions Mistakes the death cart clears away Beware of the... The plague The plague The plague The plague A pig for power Misplacing trust Science moves fact to fiction Disturbing dust All this in the name of progress While our existence is sold downstream Religion plays upon the ruin While Manson throws away the key Beware of the... The plague The plague The plague The plague Don't look at me I'm not the answer Look to you It's where it's at Don't look at me I'm not the saviour It's up to you To face yourself What price the future And Orwell's dream All yours big brother On twenty two inch screen The tragedy we bleed human Can't feed emotion to the zombie brain And as the rat becomes exhausted We stand to lose the game Beware of the...
