

Final Warning

Demons & Wizards

Doom's testified
There's dancing
When death is passing by
Pumping waves
The beat's inside you
Be the storm
Let passion guide you

Be prepared, think twice
Assassination
There is a price
The final warning
It comes dressed in white
The truthless, am I

Sacred grounds
I step upon them
But what am I
Supposed to do?
I'll never ask
No, I won't question
My master's wish
My holy law

When voidbringers
Stormed down with hatred
Corrupted stormlight
Blackened
Wasted
The shard blade
So we are
Brought sorrow and madness
Yes, we are
Ten heralds of the old age

While the storm is growing in me
I'm moving fast
The dance goes on
A dying plea
These words are sacred
This light is black
I take that sphere

When voidbringers
Stormed down with hatred

Corrupted stormlight
Blackened
Wasted
So we are
The shardblade brought
Sorrow and madness
We are
Ten heralds for the new age

As I breath in deeply
Stormlight's floating in

I pull with force
The hallway's growing dim
Too short it lasts
It's leaking fast
Can't hold it back
Release its warmth
Unleash its fury
I can feel

Oh, you see me coming now
What am I?
I'm truthless
I'm lashing down
Let stormlight reign
Turn upside down
Define directions anew
Can feel its anger
This power's
Given to me
Given to me

While up comes down
You will be bound
Can feel its anger

I summon
This power's
Given to me
Given to me
The final warning comes in white
I count to ten
My heart beats
Given to me
Given to me

Let storm-light reign
