Typhoon

dEMOTIONAL

I had it all. Was born in a dream. Given all that I could see
One in a million. Born a winner, nothing bothered me
But I took it too far
My life's a loaded gun, nothing at all was real
I was the chosen one, I lived a highlight reel

I always had my mouth full, was fed with silver spoon
I walked a golden road and never knew it lead straight to my do
om
I thought I was in control. I thought I was immune
But I was standing in the middle of the eye of a typhoon

I never thought that I could lose it all though I should
Figure out that I lived on borrowed time
I was bound to crash and burn
When I was ruling a world that wasn't mine

Euphoria, was speeding in my own lane
Just to watch it go down the drain
Never thought I'd grow older, now it's all over

I never thought that I could lose it all though I should
Figure out that I lived on borrowed time
I was bound to crash and burn
When I was ruling a world that wasn't mine

It's my own fault and no one else
I've lost it all and blame myself
Blame myself

I never thought that I could lose it all though I should
Figure out that I lived on borrowed time
I was bound to crash and burn
When I was ruling a world that wasn't mine
When I was ruling a world that wasn't mine
