

It's You I'm After

Deniece Williams

All my life as the memories linger
I see your smile, your touch I feel
Promises through the pages feed us till
In these troubled times
Love is rare to find

It's you
I thought that you'd like to know
It's you I'm after
You're all that I care to know

I see your face like a glowing ember
It makes me love November rain
When we embrace, I somehow know you feel the same
In these troubled times
Love is rare to find, oh...

It's you
I thought that you'd like to know
And, oh, it's you I'm after
You're all that I care to know

I feel your hand upon my shoulder
Leading me on
And all you give
You know it makes me want to stay
Close to you, my love, my heart
Oh-oh-oh-oh, always
Always

It's you
It's you, yeah
Oh-oh, oh-whoa...

It's you, baby
I thought that you'd like to know
And, oh, it's you I'm after, baby
You're all that I care
You're all that I care to know
(All that I care to know
All that I care to know, it's you)

Ooh-ooh...
Oh-oh-oh, darling, it's you, yeah
(Baby)
Yeah, you're all that I care to know
All that I care to know, baby...
