

# Lover's Holiday

Deniece Williams

I know a place  
I see the place  
To get away  
A rendezvous  
Is overdue  
Let's get away

Take a drive by the sea  
Feel the wind in your hair  
Won't you please come with me  
Bonjour, I see us there just celebrating

Come on  
Let's go  
Come on  
It's a lover's holiday  
Come on  
Let's go  
Come on  
It's a lover's holiday

The skies are bright  
The time is right  
To get away  
We'll disappear  
The road is clear  
Let's get away

Take my hand, can't you see?  
There is love in the air  
Won't you please come with me  
Close your eyes, see us there just celebrating

Come on  
Let's go  
Come on  
It's a lover's holiday  
Come on  
Let's go  
Come on  
It's a lover's holiday

Come on  
Let's go  
Come on  
It's a lover's holiday  
Come on  
Let's go  
Come on  
It's a lover's holiday

Come on  
Let's go  
Come on  
It's a lover's holiday  
Come on  
Let's go

Come on  
It's a lover's holiday
