

# Turn Around

Deniece Williams

If you need some loving arms  
To enfold and keep you warm  
Someone who can be  
Friend and lover when you need

Take a chance on our love  
It can bring you joy

I've got love for you, baby  
Understanding's not a maybe  
So much love for you, baby  
And I'm ready to give  
If you'll only turn around  
Baby, turn around  
If you'll only turn around  
Baby, turn around

Darling, trust me, have no fears  
We'll share the laughter and the tears  
Take my hand, come walk with me  
I'll take to straight to love's ecstasy

Take a chance on our love  
It can bring you joy

I've got love for you, baby  
Understanding's not a maybe  
So much love for you, baby  
And I'm ready to give  
If you'll only turn around  
Baby, turn around  
If you'll only turn around, yeah  
Baby, turn, turn around  
(Baby, baby)

Love, turn around  
Baby, turn around, mm-hmm  
(Baby, baby)  
Love is waiting  
(Baby, turn around)  
It's standing behind ya  
Love is willing  
(Baby, baby)  
To stand beside ya  
If you'll only turn around  
(Baby, turn around)  
Turn, turn around  
(Baby, baby)

Searchin'  
You're searchin' for love  
Well, love is waiting  
Yeah, love is waiting  
If you'll only turn around...
