Denise Julia

Got you in my place  
So I know you like it bad  
You like it bad  
Bae I know you like it bad

And I put you on my pace  
So I know you like to beg  
You like to beg  
Bae I know you like to beg

Got you in my place  
So I know you like it bad  
You like it bad  
Bae I know you like it bad

And I put it on your face  
'Cause I know you like to beg  
You like to beg  
Bae I know you like to beg

And I'm rubbin' and teasin' on you  
Touchin' and lovin' on you  
Got you in every mood  
'Cause you like when im fuckin' you  
That's fine  
We finish on time  
'Till they can hear every moan in my ceiling  
'Till the hittin' is right in my middle

Got you in my place  
So I know you like it bad  
You like it bad  
Bae I know you like it bad

And I put you on my pace  
So I know you like to beg  
You like to beg  
Bae I know you like to beg

Got you in my place  
So I know you like it bad  
You like it bad  
Bae I know you like it bad

And I put it on your face  
'Cause I know you like to beg  
You like to beg  
Bae I know you like to beg

You know my favorite position  
Rock me like you in a mission  
I lose my 20/20 vision

Every partition got me heavy breathin'  
With my legs on your shoulder I'm screamin'  
'Till my sins feel like they are forgiven

You should give it all to me like I'm really owed  
We need to make more videos  
You know I like it how traffic in Manila is  
When you hop on top and you get real close ride it really slow

Not just any old, Imma top styler  
Imma real boy but not childish  
Had to shake my dog ways still Rottweiler  
Said you got man make you opt out it

Imma slide in real slow like molasses  
Locate yo spot with no address, fuck it up I like ratchet  
Keep throwing it back like it's past tense  
Like ohwee ohwee  
Now we gon' make a movie movie  
In the zone like 2-3 2-3, legs spread like 2-3 2-3

Got you in my place  
So I know you like it bad  
You like it bad  
Bae I know you like it bad

And I put you on my pace  
So I know you like to beg  
You like to beg  
Bae I know you like to beg

Got you in my place  
So I know you like it bad  
You like it bad  
Bae I know you like it bad

And I put it on your face  
'Cause I know you like to beg  
You like to beg  
Bae I know you like to beg
