

24 Turned 25

Denison Witmer

i see you two times a month
at the bar or around town
we have lots of commun friends
but we don't talk to much of them

at your apartment it was late
the buses turn but the taxis wait
should we go down to 2nd street
or just stay here because that scene it's beat

where 24 turn 25, i heard you try to take your life, why
you don't really know.

where 24 turn 25, there so much pression in this times to
be
something that you don't.

where 24 turn 25, i try to hold your head up high, why
well i don't really know.

where 24 turn 25, make this the best time on your life,
why
i don't really know.
