It Makes No Difference

Denison Witmer

It makes no difference where I turn
I can't get over you when the flame still burns
It makes no difference night or day
The shadow never seems to fade away

And the sun don't shine anymore
And the rains fall down on my door

It makes no difference how far I go
Like a scar, the hurt will always show
It makes no difference who I meet
They're just a face in the crowd on a dead-end street

And the sun don't shine anymore
And the rains fall down on my door

Now there's no love
As true as the love
That dies untold

But the clouds
Never hung so low
Before

Without your love,
I'm nothing at all
Like an empty hall, it's a lonely fall

And the sun don't shine anymore
And the rains fall down on my door

I love you so much
It's all I can do
Just to keep myself from telling you

That I never felt so alone before
That I never felt so alone before
