

BE MINE

DENM

I woke up this morning, must've been 11
She left and didn't leave a note
I guess I learned my lesson
I laid there in reflection
Usually I'd be stressing
This time I'll get the message
I'll take this one as a blessing
When you talk about your problems, I default to want to fix them
It's probably best to hug you and just shut my mouth and listen
Baby, all you wanted was tell me about your day
It wasn't till the morning when I knew what I should say

You don't have to be
You don't have to be happy
To make me happy
Just always keep it real, tell me how you feel
We'll be fine
You don't have to be
You don't have to be happy, nah
To make me happy
Just be mine

You went to work today, found out they gave your job away
We got these bills to pay, but I know we gonna be ok
Let's take a day to take a drive and meditate
Windows down, meditate
Take me straight to heavens gate, yeah
Cause monies just a thing and things they come and go
It's what it is and I guess that's just what I know
As long as I've got love and light then I'ma grow
I sing this little song and this is how it goes

You don't have to be
You don't have to be happy
To make me happy
Just always keep it real, tell me how you feel
We'll be fine
You don't have to be
You don't have to be happy, nah
To make me happy
Just be mine

You don't have to be
You don't have to be happy
To make me happy
Just be mine
