Bless Your Heart

DENM

It feels like lightning running through my veins
Electricity, baby, stand by me
And all of the others are still playing games
Baby, don't be lame, come stand by me (Rock the rhythm)

Bless your heart
You don't know what you're missing
You don't know what you're missing (Rock the rhythm)

I'm not like the other boys, girl
Only want to give you lovin'
Why can't you see
I'm everything you need?
You're not like the other girls, nah
Baby, you're so fire
Why can't you see? (Rock the Rhythm)

Bless your heart
You don't know what you're missing
You don't know what you're missing
Bless your heart
You don't know what you're missing
You don't know what you're missing

Girl, you get me high now
I'm feeling right, you're so intoxicating
Just open your eyes
There's so little time, don't make it complicated
Yea (Rock the Rhythm)

I'm not like the other boys, girl
Only want to give you lovin'
Why can't you see
I'm everything you need?
You're not like the other girls, nah
Baby, you're so fire
Why can't you see? (Rock the Rhythm)

Bless your heart
You don't know what you're missing
You don't know what you're missing
Bless your heart
You don't know what you're missing
You don't know what you're missing

After everyone's left, I'll still be here
Still be here
After everyone's left, I'll still be here
Still be here

I'm not like the other boys, girl
Only want to give you lovin'
Why can't you see
I'm everything you need?
You're not like the other girls, nah
Baby, you're so fire
Why can't you see? (Rock the Rhythm)

Bless your heart
You don't know what you're missing
You don't know what you're missing (You don't know-ow)
Bless your heart (Bless your heart)
You don't know what you're missing
You don't know what you're missing (I'm everything you need)
Bless your heart (Bless your heart)
You don't know what you're missing (Bless your heart)
You don't know what you're missing (You don't know)
Bless your heart (Bless your heart)
You don't know what you're missing
You don't know what you're missing

I'm everything you need, you need
I'm everything you need
