

COOL DOWN

DENM

Fool, you need to cool, cool down
Hot headed fool, cool down
She pulled the trigger
On the colt 45
Now you're hot like a bullet in the sky
Fool, you need to cool, cool down
Oh yeah

I wish I never fell asleep
Face down in the street
But I woke up out here anyway
Oh Lord
I still got war inside of me
Every single day
I just ain't see no other way
Fool you need to

Fool, you need to cool, cool down
Hot headed fool, cool down
She pulled the trigger
On the colt 45
Now you're hot like a bullet in the sky
Fool, you need to cool, cool down
Oh yeah

I woke up feeling hot like a kettle
On the top of the stove
With the burners on blast
When there's nobody home
I got nowhere to go
But at least I found my wallet
Might've lost my vision
But I really can't call it
Call it what you want
Call it as you see
Imma guarantee
You never get the best of me
Don't come testing me
I got the recipe
I'll make you rest in peace
Talking 6 feet deep

I wish I never fell asleep
Face down in the street
But I woke up out here anyway
Oh Lord

Fool, you need to cool, cool down
Hot headed fool, cool down
She pulled the trigger
On the colt 45
Now you're hot like a bullet in the sky
Fool, you need to cool, cool down
Oh yeah
