Yall look crazy
Am I the only sane one?
You think I'm lazy but I'm just trying to have fun
Yall look crazy
Am I the only sane one?
You think I'm lazy but I'm just trying to have fun
Yeah

Nothing better than a sunny day with all my friends and family
Put your cups high
It's a toast to life
I don't know why
But life has a funny way of taking all your time away
They told me to be serious
Don't know why I've never been that serious
Na na na na yeah
What's the point of being serious?

Yall look crazy
Am I the only sane one?
You think I'm lazy but I'm just trying to have fun
Life is hard
So we don't need to make it any harder
Running wild
Imma do whatever I wanna
What I wanna

Great great great grandfather digging up gold in the water
I don't know of he ever got it
Lord knows I never got it
No, no disrespect but all I got was a
But I'm not complaining, I am just saying
Glory be to God
Cause I'm still here
Yeah
Cause I'm still here

Yall look crazy
Am I the only sane one?
You think I'm lazy but I'm just trying to have fun
Life is hard
So we don't need to make it any harder
Running wild
Imma do whatever I wanna
What I wanna

We're all just trying to get by it
We're all just trying to live life
We're all just trying to get by it
We're all just trying to live life
We're all just trying to get by it
We're all just trying to live life
We're all just trying to get by it
We're all just trying to live life

Yall look crazy
Am I the only sane one?

You think I'm lazy but I'm just trying to have fun
Life is hard
So we don't need to make it any harder
Running wild
Imma do whatever I wanna
What I wanna
We're all just trying to get by it
We're all just trying to live life
We're all just trying to get by it
We're all just trying to live life
Life is hard
So we don't need to make it any harder
Running wild
Imma do whatever I wanna
What I wanna
