

Life's 2 Short

DENM

Ooh, ooh
Ooh, ooh (Yeah, yeah, yeah)
Young DENM

If all we are is all we get
Then I'ma live with no regret
Life's too short to stress out
Life's too short

I've watched my old man cry
Don't you live your life like mine
Life's too short to stress out
Life's too short (No stress)

Ooh, yeah, ooh, yeah
'Cause life's too short to stress out
Life's too short

I won't lie
Can't believe I made it this far
It's a rough life
Everybody got their own scars
Some people get more

Some people get less
But we're all blessed
And I know, and I know
That we ain't got a lot
But I know we're okay
If we love what we got 'cause

'Cause life's too short to stress out
Life's too short

If all we are is all we get
Then I'ma live with no regret
Life's too short to stress out (Life's too short)
Life's too short

I've watched my old man cry
Don't you live your life like mine
Life's too short to stress out
Life's too short (No stress)

Ooh, yeah
Ooh, yeah (Oh oh ooh oh-oh ohh)
'Cause life's too short to stress out
Life's too short

Time flies
Ain't nobody get a free ride
It's alright
You might get it in the next life
Some people get more

Some people get less
But we're all blessed

All I know's what I know
I don't know if I'm right
I just ride with my heart (Ooh, ooh)
I just ride with the vibe 'cause

'Cause life's too short to stress out
Life's too short (Ohh)

If all we are is all we get
Then I'ma live with no regret
'Cause Life's too short to stress out (Life's too short)
Life's too short (No stress)

Ooh, yeah
Ooh, yeah (Oh oh ooh oh-oh ohh)
'Cause life's too short to stress out
Life's too short (No stress)

Ooh, yeah
Ooh, yeah (Oh oh ooh oh-oh ohh)
'Cause life's too short to stress out
Life's too short (Life's too short)

Life's too short, Life's too short
Life's too short, Life's too short
Life's too short, Life's too short
Life's too short

If all we are is all we get
Then I'ma live with no regret
Life's too short to stress out
Life's too short

I've watched my old man cry
Don't you live your life like mine
Life's too short to stress out
Life's too short (No stress)

Life's too short (No stress)

Can't believe I made it this far
