

I just wanna dance
I just wanna feel good, good
Could you understand?
I'm gonna love you like you knew I would
I just wanna dance
I just wanna feel good, good
Could you understand?
I'm gonna love you

But I don't know what's inside my cup
Or why I feel like I'm high enough
I think I'm lit on love
I think I'm lit on you
But I don't know what's inside my cup
Or why I feel like I'm high enough
I think I'm lit on love
I think I'm lit on you
I think I'm lit on love
I think I'm lit on you
I think I'm lit on love
I think I'm lit on you

I just wanna dance
I just wanna feel good, good
Could you understand?
I'm gonna love you like you knew I would
I just wanna dance
I just wanna feel good, good
Could you understand?
I'm gonna love you

But I don't know what's inside my cup
Or why I feel like I'm high enough
I think I'm lit on love
I think I'm lit on you
But I don't know what's inside my cup
Or why I feel like I'm high enough
I think I'm lit on love
I think I'm lit on you
I think I'm lit on love
I think I'm lit on you
I think I'm lit on love
I think I'm lit on you

I think I'm lit on love
I think I'm lit on you
I think I'm lit on love
I think I'm lit on you
