

STONED AGAIN

DENM

Spinning in the morning and I feel like shh
Enough to kill a horse but I'm alive
Don't even got a job so I can't quit
I got a set of wings so I can fly

I really got nothing to do today
I think I just wanna get stoned again
I really got nothing to do today
I think I just wanna get stoned again

Gotta soar high so I can see
Elevated view now I am free
My problems so small when I see them from the clouds
Close my eyes and fly around

I really got nothing to do today
I think I just wanna get stoned again
I really got nothing to do today
I think I just wanna get stoned again

...
