

## Wild Trip

DENM

Whole life  
What a wild trip it's been  
Whole life  
What a wild trip it's been

Since the dawn of time  
Or maybe when I wrote down this rhyme  
I've been trying to find  
A little bit of peace of mind

Come to me, my peace  
And rescue me  
Life ain't what it seems  
Got the best of me

Whole life  
What a wild trip it's been  
Whole life  
What a wild trip it's been

Am I just trippin'?  
My soul's been driftin'  
I tried to listen  
Emotions get mixed in

Come to me, my peace  
And rescue me  
Life ain't what it seems  
Got the best of me

Whole life  
What a wild trip it's been  
Whole life  
What a wild trip it's been  
Whole life  
What a wild trip it's been  
Whole life  
What a wild trip it's been

Come to me, my peace  
Oh, yeah  
Oh, yeah

What a wild trip it's been  
Whole life  
Whole life  
What a wild trip it's been
