

# Baby Don't Do It

Dennis Brown

Now I know that you're not smart  
How you said goodbye and love yourself  
Baby, don't do it  
Don't break your own heart

Even though I'll give you another chance  
Oh girl, even though I'll give you another chance

Now I know you know you're mistake  
And you'll never try to hurt yourself again  
'Cause you have done me no wrong  
Baby, can't you understand

Don't you ever try to hurt yourself anymore  
Oh girl, don't you try to hurt yourself anymore

Hello, my baby, oh yeah  
Baby, don't do it, yeah

Now I know that you're not wise  
Look how you made yourself look sad  
Baby, don't do it  
Don't break your own heart

Even though I'll give you another chance  
Oh girl, even though I'll give you another chance

Baby, don't do it  
Oh, oh, babe, baby, don't you do it  
Baby, don't do it

Oh, oh, oh baby, don't do it  
Oh, babe, baby, don't you do it  
Ooh, whoo
