

Deliverance Will Come

Dennis Brown

Emancipation they say will never come, oh, will never come

Man, I said man is doomed to die
Down inna Babylon with war and strife
Grief and terror and tongues of hate
This I know will soon abate
For I have seen the land of my Father in my visions
From the hills of captivity's plains
Yes I, the scene of the Righteous One
Will some day clear for I this land
For my brothers and my sisters
And my brethren in the yoke of oppression

For the child who only knows of death and destruction
Deliverance will come, come, come
Deliverance will come
Inna dis ya time it will come, come, come
Deliverance will come

No more visitation
Now I know where I man stand, yeah

For I have seen the land of my Father in my visions

From the hills of captivity's plains
Yes I, the scene of the Righteous One
Will some day clear for I this land

Now my good ways ?
They all laugh at me
My captivity and bondage all they can see
Emancipation they say will never come
Your destiny is in Babylon
Not in Beulah Land, Beulah Land
But I know the weary, destitute and scorned
Weakened strength by oppression and dread reforms

But deliverance will come, come, come
Deliverance will come inna dis ya time
It will come, come, come
Deliverance will come

Jubilation!
Seh, depression no more
Visitation inna dis ya time
Jubilation, yeah, inna Beulah Land. Songs list of
