

You My Love

Dennis DeYoung

And now, now that your love is gone
I'm barely hanging on
So lost here without you
'Cause you, you were the only one
My one and only one
Who said you'd always love me

But knowing now how you deceived me
I'm wondering how you could leave me this way

So I'll pray, pray for a miracle
Read every oracle
Hoping they'll guide me
While you, you who could not explain
The reasons for all this pain
You've left here inside me hide me

Far away so I won't remember
The promises we made on that day

'Cause when I said I do
I swore I'd stay with you
Through the good and bad times
And all that comes between
I vowed I'd place no one above
You my love

And so I sit here all alone
Hand on the telephone
Hoping you'll call me
But I see even through all these tears
So many wasted years
That it was all me baby

Cause I would climb, climb any mountain
Any time that you needed me there

'Cause when I said I do
I swore I'd stay with you
Through the good and bad times
And all that comes between
I swore I'd place no one above
You my love
You my love
