

Analyzing

Dennis Lloyd

I see them with the suits and the ties and their motherfucking
lies analyzing, realizing
I think about the choices they've made in their lives when they
realized
Too scared to run away 'cause they don't want to hear all the p
eople judging, the people judging
But I don't give a fuck if they care, if they don't, I just rea
lized, mmm

Yeah, I'm going up, going up, going up, going up right now, goi
ng up right now
Going up, going up, going up right now, yeah
Yeah, I'm going up, going up, going up, going up right now, goi
ng up right now
Going up, going up, going up right now, yeah

I've buried all my friends in the land of the God but I keep on
fighting, I keep on fighting
I'm trying to find a way to deny all the shit that I should hav
e done, yeah
I want to find a place with no race but the truth is I'll never
find it, I'll never find it
'Cause blood is all around on this ground but I don't think the
y really mind, yeah

Yeah, I'm going up, going up, going up, going up right now, goi
ng up right now
Going up, going up, going up right now, yeah
Yeah, I'm going up, going up, going up, going up right now, goi
ng up right now
Going up, going up, going up right now, yeah

Yeah, I'm going up, going up, going up, going up right now, goi
ng up right now
Going up, going up, going up right now, yeah
Yeah, I'm going up, going up, going up, going up right now, goi
ng up right now
Going up, going up, going up right now, yeah

Yeah, I'm going up, going up, going up, going up right now, goi
ng up right now
Going up, going up, going up right now, yeah
Yeah, I'm going up, going up, going up, going up right now, goi
ng up right now
Going up, going up, going up right now, yeah
