

Berlin

Dennis Lloyd

Staying up and it's getting late
I think I might go insane
'Cause lately I feel like I'm lost
I'm out of control
I'm losing my mind
Barely slept and it's time to
Wake up
Don't wanna miss out the train
'Cause whether I like it or not
Some say till dawn
Show must go on

Go 'round the world
Forget about the things
We used to hold
Let's take it to Berlin
Dubai, New York
Until we find a place
Where we belong
I wanna take it, take it, take it
I wanna take a trip around the world
Forget about the things
We used to hold
Let's take it to Berlin
Dubai, New York
Until we find a place
Where we belong
I wanna take it...
Take it to Berlin...
Where we belong

Tryna leave, but we can't escape
I wish I could find a way
To take you wherever you shine
Where we can decide a way to be fine
Getting late and it's time to wake up
Don't wanna miss out the train
'Cause whether I like it or not
Some say till dawn
Show must go on

Go 'round the world
Forget about the things
We used to hold
Let's take it to Berlin
Dubai, New York
Until we find a place
Where we belong
I wanna take it, take it, take it
I wanna take a trip around the world
Forget about the things
We used to hold
Let's take it to Berlin
Dubai, New York
Until we find a place
Where we belong
I wanna take it...

Take it to Berlin...
Where we belong
