

# Breakdown

Dennis Lloyd

Baby you should know  
I've got my life off the road  
Since you're gone  
Drinking all night long  
Bitches lay where you belong  
Now I'm trying to become a better me  
Better than I used to be  
Better than now for sure

Like you do, like you do  
Like you do, like you do  
Trying to find my way  
Find my way back home  
Like you do, like you do  
Like you do, like you do  
When we fall down

Ohh baby girl when you talk like that  
When you walk like that  
Ohh baby girl when you dance like that  
When you love like that

A hundred fuckin miles seperates  
Between me and my girl  
And all I need to know is if my girl is gone for real  
Coming back to the place where it all began  
Bitches in my bed again  
Maybe I don't need to feel

Like you do, like you do  
Like you do, like you do  
Trying to find my way  
Find my way back home  
Like you do, like you do  
Like you do, like you do  
When we fall down

Ohh baby girl when you talk like that  
When you walk like that  
Ohh baby girl when you dance like that  
When you love like that

Going every night tryna find bitches to impress  
Gotta love the emptiness  
Gettin high through every fear  
Bitches layin' on the floor passin' out again  
Puke the money that they've spent  
Baby I don't need to feel

Like you do, like you do  
Like you do, like you do  
Trying to find my way  
Find my way back home  
Like you do, like you do  
Like you do, like you do  
When we fall down

Ohh baby girl when you talk like that  
When you walk like that  
Ohh baby girl when you dance like that  
When you love like that
