

Meditation

Dennis Lloyd

Fuck my reputation
I need a vacation
Giving up my life, is it part of my creation?
Miscommunication
Through the situation
All I wanna do is, to find my motivation

Where do I belong?
If I gotta think twice
I gotta think twice
Is it part of my creation?
Bitch, you gotta go
Bitch, you gotta calm down
You gotta calm down
'Cause you fucked my meditation

You fucked my meditation
You fucked my meditation
Bitch, you gotta go
'Cause you fucked my meditation
You fucked my meditation
You fucked my meditation
Bitch, you gotta go
'Cause you fucked my meditation

Looking for affection
I need a direction
Looking for a sign
As I'm feeling the vibration
Miscommunication
Part of situation
All I wanna do is, to find my inspiration

Where do I belong?
If I gotta think twice
I gotta think twice
Is it part of my creation?
Bitch, you gotta go
Bitch, you gotta calm down
You gotta calm down
'Cause you fucked my meditation

You fucked my meditation
You fucked my meditation
Bitch, you gotta go
'Cause you fucked my meditation
You fucked my meditation
You fucked my meditation
Bitch, you gotta go
'Cause you fucked my meditation

You fucked my meditation
You fucked my meditation
Bitch, you gotta go
'Cause you fucked my meditation
You fucked my meditation
You fucked my meditation

Bitch, you gotta go
'Cause you fucked my meditation

You fucked my meditation
You fucked my meditation
Bitch, you gotta go
'Cause you fucked my meditation
You fucked my meditation
You fucked my meditation
Bitch, you gotta go
'Cause you fucked my meditation
